

## **Product Performance**

OFS Brands promotes the ease of assembly through modularity or component based construction methods for cost-efficiency, quick parts replacement, and can be easily reconfigured and reused on many building projects, which can contribute to LEED credit 3.2 on future projects. OFS, First Office, Carolina, and Loewenstein products are designed to support end of life reuse and recycling efforts. Our products are meant to last and are backed up by OFS Brands' 12-year warranty, which assures they will be in use for many years. OFS Brands provides Environmental Data Sheets for all casegoods lines depicting the total recycled content information for your convenience.
